Quality of Outline	Outline is correct, clear, and mostly complete. Any notes are clear and intelligible.	Outline is mostly correct, clear, and mostly complete. Some notes are vague or irrelevant.	Outline is missing substantial parts.	No outline is given.	2
Comments (e.g. Give an example of what could be improved. How can the outline be improved?, etc.)					The paper outline was fine and detailed, but it would've nice to see a short description of the main topics in the READMe file.
Intellectual Merit	The research outlined looks interesting, creative, and/or substantial.	The research outlined is interesting, creative, and/or substantial, but does not seem	The research outlined lacks substantial complexity.	No outline is given or the outline is too vague to determine if the research has merit.	3

		feasible to do in a semester.			
Comments (e.g. Give an example of what could be improved. If the project is too complex, what parts of the project could feasibly done? If the project is too simple, what features could be added?)					Software used for spying is both interesting and dangerous. I think it's substantial.
Video	The video gives a helpful, clear depiction of the project.	The video gives a helpful, clear depiction of the project, but is confusing or vague in parts.	The video does not give a helpful, clear depiction of the project.	The video is missing or is inappropriate.	1
Comments (e.g. Give constructive feed back to help improve the presentation style.)					I could only view the "test video" which had Alia commenting about how the video capture worked. While the

					PowerPoint was well put together, I think it would've been better to address some of the main points in a video.
